Telehealth/TeleCounseling

Telehealth/Telecounseling refers to diagnosis, consultation, billing, client education, and professional education/training delivered via electronic technology. This allows clinicians at Permian Basin Counseling & Guidance to connect with clients using interactive video/audio data communication. One benefit is that the client and clinician can engage in services without physically being in the same location. This can be beneficial if the client moves to a different location or is unable to meet in person for appointments. It can also serve as an opportunity for treatment that may not be accessible for the client in their location.

Some of the PBCG therapists practice both face to face and telecounseling means for appointments, please visit with the receptionists to determine if these options are available to you. On occasion, appointments may be switched between the two types of sessions if appropriate and both parties have the capacity.

Crisis Management Plan:

I understand that in the event of an emergency/crisis, or if the therapist is unable to clearly determine factors to ensure my own safety or that of someone else in the middle of my session, my therapist has the right to contact the following individuals for additional assistance:

No Shows, Cancellations, & Payment for Services

Client Name:
When you schedule an appointment with our staff, Permian Basin Counseling & Guidance reserves that time just for you. If you are not going to attend your scheduled appointment, we would like to give another client the opportunity to take that opening. It affects our funding, our ability to budget our staff, and staff salaries when there are missed appointments. That is why we require 24-hour advance notification of cancellation . Leaving a message with our answering service is fine, even on weekends. The time you called will be posted with the message. If you do not give 24 hours' notice before cancelling your appointment, do not show for your appointment, and/or are more than 15 minutes late more than two times in a three-month period, you may be asked to schedule with another therapist or moved to the PBCG wait list for services. Clients may also be charged a \$50 missed fee prior to being seen again. If you are being seen for reduced fee and pay less than \$50 per session, the fee will be your usual session charge. Those seen without a session fee will be charged \$5 per missed session.
Clients with certain insurances cannot be billed the missed appointment fee - Medicaid, Employee Assistance Programs (EAP), or some private insurances. We appreciate the courtesy you extend to us by honoring this agreement. Please note that we cannot bill your insurance company for missed sessions or for late cancellations. All clients scheduled to be seen in the appointment must be present in order for the appointment to be considered kept (both partners for couples counseling, etc.)
Certain insurances may not reimburse for some services offered at PBCG; in the event that insurance does not reimburse for a service provided and the client does not qualify for one of several client assistance programs at PBCG, the client will be held responsible for payment for that service.
Counselor Discretion: The counselor may choose to continue to see the client without requiring same- day appointments. The counselor may also waive the \$50 fee.
Weather Related: Missed appointments due to dangerous weather will not count as a late cancellation. Due to the counselors maintaining a set schedule: If you are 15 minutes late for 60-minute appointment, you may not be seen. If you are 10 minutes late for a 45-minute appointment, you may not be seen. If you are 5 minutes late for a 30-minute appointment, you may not be seen.
Court appearance: In the event disclosure of your records or the therapist's testimony are requested by you or required by law, you will be responsible for the costs involved in producing the records and the therapist's normal hourly rate of \$104.00 for giving that testimony. If a clinician is required to travel to a court location out of town, per diem and mileage are additional costs that you will be responsible for. Such payments are to be made prior to the time the services are rendered by the therapist.
By signing this agreement, I acknowledge my understanding of all the policies listed above. I accept and agree to all of the above terms during the course of my treatment at Permian Basin Counseling & Guidance.
